

Reporting Solutions Client Testimonials:

...delivering more from your ERP Systems

Products	ERP	Name	
Spreadsheet Server Distribution Manager	Infor LX	Charles Kerkhof Financial Controller Krehalon B.V.	"Data from our ERP system is refreshed real-time in my Excel spreadsheets, ranging from monthly P&L to sales KPIs and production reports. The ability to drill to transactions detail makes this a very powerful tool!"
Spreadsheet Server Distribution Manager	Infor LX	Phil Underwood IT Manager Xylem Inc.	"Before Spreadsheet Server, production of our business metrics for our senior managers took too much time, and it only included summary information. Now, in less than 10 minutes I can update my Spreadsheet Server reports and use the distribution tool to send formatted excel reports containing summarized order analysis with a detailed breakdown to all our managers at the click of a button!"
Spreadsheet Server Distribution Manager	BAAN IV	Philip Nettleton Baxa Healthcare	"Within a couple of hours the product was installed and we were writing real-time reports over our own data! Spreadsheet Server will allow us to spend more time analysing our numbers instead of just producing them"
Spreadsheet Server Distribution Manager	BAAN / Infor Ln	Bernd Schettler Senior IT Analyst Sortimat GmbH	"As part of our migration from BAAN V to Ln, which also covers 2 different databases (DB2 & SQL Server), we chose Spreadsheet Server because it is a tool that enables you to automatically transfer data from your ERP systems directly into Excel. The user can easily combine data from different sources and use the multiple functionality of filters, charts, pivot tables that are not possible within normal ERP reporting."
Spreadsheet Server Distribution Manager	Infor Ln	Eileen Riley Financial Controller Wavin Ireland	"Previously, we spent too much time generating reports from Infor Ln and formatting data in Excel – now we simply open up our spreadsheet, change the period and we automatically update our Financial Analysis for the new month! It has only taken a few days to completely transform our Financial Reporting, and the pay-back has been immediate."
Spreadsheet Server	BAAN IV	Gavin Gant Financial Controller Amphenol Antennas	"As a controller, I always believed that we could obtain real value from the information in our BAAN System - we just needed the right tool. Now that we are using Spreadsheet Server I don't have to struggle with month-end reporting anymore and analysing our financial information has never been easier!"
Spreadsheet Server Distribution Manager	BPCS	Erica Scott-Richards Financial Analyst Xyratex Technology	"Most users have found that they are saving three to four hours each per month end. We have at least 10 key users and others that are less frequent users feel they are saving one to two hours a month. Overall everyone is extremely impressed with it and have taken to the product very quickly - even the less proficient spreadsheet users."
Spreadsheet Server Distribution Manager	SAP/ Infor Lx/ Infor XA	John Svendsen IT Manager Thermo Fisher	
Enterprise Budgeting	Various	Raymond Spears IS Manager Unaka Corporation	Before Enterprise Budgeting, the process was very manual. Now, we have a means of creating a secure document that many people can access. We can pull data directly from multiple locations (multi-ERP & Accounting systems) and automatically load the data into Excel for the user to review, allowing us to consolidate and budget at a corporate level.
