

# Accruals Manager

## Frequently Asked Questions:

..delivering more from your ERP Systems

<b>Can I post journals directly from the Accruals Manager reconciliation?</b>	Yes, all modules have the capability to post configurable journals to the ledger (CEA)
<b>Are Accruals Manager journals posted directly to the BPCS transaction files?</b>	No, the Essential Finance Suite journals are uploaded via the BPCS batch transaction processing system (BTP). From there, a standard Model & Event create the journals in CEA
<b>Do I have to buy all the modules of the Essential Finance Suite?</b>	No, you simply buy the modules that are relevant to your business
<b>Do I have to implement all modules at the same time?</b>	No, you can choose to purchase the modules individually or as a set. The implementation can also be phased by module and by site/plant/country
<b>Does Accruals Manager only work on BPCS/ERP Lx?</b>	Yes, but if you have an issue with purchase accruals on another ERP platform please contact support@essentialfinance.net
<b>Does it handle commodity accounts?</b>	Yes, it can handle both Item and Commodity accounts
<b>Does it handle my split between third party and group accounts?</b>	Yes, it mirrors your balance sheet configuration
<b>Are the journals to CEA configurable?</b>	Yes, the journals are fully configurable (and with authorisation limits!)
<b>Can I export details to excel?</b>	Yes, details from the Un-matched and Matched transactions can be exported to excel, with/without the application of data filters
<b>Can I analyse the account balance by vendor?</b>	Yes, you can analyse the balance by order, item, vendor, item type, item class and filter to any combination of values
<b>Can I use Accruals Manager to reconcile other balance sheet accruals?</b>	Yes, AM can be configured to allow you to control any balance sheet accrual account
