

# Distribution Manager

## Frequently Asked Questions:

..delivering more from your ERP Systems

<b>Is Distribution Manager only for email?</b>	No, you can automate full delivery of reports and files using Email, Printing, and Archiving (save to folder)
<b>Can I include other attachments?</b>	Yes, you can include unlimited number of file attachments of all types
<b>Do I have to email the whole workbook?</b>	No, you can select specific excel worksheets for distribution
<b>Can I only send as Excel documents?</b>	No, you can also convert your output to HTML or PDF
<b>What if the recipient does not have spreadsheet server on their PC?</b>	No problem - you have the option to convert the SS formulae to values at time of distribution
<b>Can I vary the information that I send to different people?</b>	Yes - you can specify a template report with custom parameters in the excel sheet. You can then define what the parameters should be used for each group receiving the report e.g. Stock for warehouse 'AA' to Bob and warehouse 'ZZ' to Jane
<b>Do I have to run Distribution Manager with my PC logged on?</b>	If you use the "local" version then you need Excel workbook and your Email open and logged in. - However there is also "scheduler" version which you can run on a server unattended to automate out of hours distribution
